## OUR ACCOMPLISHMENTS

- We offer Junior High students different option courses each term to allow for student choice and engagement.
- Our students have opportunities to play competitively in athletics or participate in visual, drama, and musical arts to allow for development of a variety of skills.
- Our 7 Grandfather Teachings character education program connects our older students with our younger students to explore important character traits through positive interactions and activities.
- With the support of our fundraising society, every student has access to a chromebook to assist with the development of 21st century technology skills.

## ENGAGING OUR COMMUNITY

- Administration has been working with the Barnwell School Council and the Barnwell Society of Parents to improve parental involvement in our school.
- We encourage staff, students, and parents to provide feedback and response to surveys as we strive to make data-informed decisions. We have created our school-based surveys beyond what is required by AB Ed.

## COMMENTARY ON OUR RESULTS (PUTTING IT INTO CONTEXT)

- We are still experiencing effects of the learning disruption that occurred during the pandemic.
- Student intervention blocks run by certificated teachers have been built into the timetable so that we are able to do small group instruction beyond what is happening in the classroom to target gap areas.
- We are engaging in Collaborative Team Meetings to discuss strategies to target key issues that students are experiencing in the classroom so that we have a wrap around approach across the school.
